

**EXTRA-CURRICULAR ACTIVITIES
RULES AND ELIGIBILITY
Grades 7 - 12**

GOALS & PHILOSOPHY

Findlay City Schools believes that all participants covered by these rules are students who have a strong influence both in our community and among the student body. With this opportunity comes the responsibility of being a good role model. Thus, these rules are designed to discourage all participants in extra-curricular activities from the use of drugs, alcohol, and tobacco in any form.

These rules are established for the benefit and well-being of the students. Your support and encouragement for your student to abide by these rules is vital. These rules are in effect year round. **The Board may require that students pay reasonable fees to participate in extra curricular activities.**

RESPONSIBILITY OF SCHOOL, COACHES AND ADVISORS

Prior to the first meeting/event of the season, coaches and advisors are to hold a meeting open to parents and students for the purpose of reviewing these rules and additional rules specific to a sport or activity, eligibility guidelines, and any other information relative to the sport or activity. We strongly encourage parents and their children to review these rules together.

ELIGIBILITY

In order to remain eligible to participate in extra-curricular activities, students must adhere to the following requirements:

- A. The current Ohio High School Athletic Association minimum standards:
 - 1. A student in grades 9-12 must have passed five or more credits during the preceding grading period.
 - 2. A student in grades 7-8 (includes incoming 9th graders) must have received passing grades in 75% of the subjects in which he/she is enrolled during the preceding grading period.
- B. Maintained a minimum 1.5 GPA in the previous grading period.
- C. Received no more than one F in classes in which he/she was enrolled during the preceding grading period, whether for full or partial credit.
- D. After a student completes eighth grade, or is otherwise eligible for high school extra-curricular activities, the student may be eligible for a period not to exceed eight semesters taken in order of attendance, whether the student participates or not.

It is strongly recommended students/athletes carry more than the minimum five credits since some classes are worth one full credit, some 1/2 credit, etc. **Summer school grades may NOT be used for eligibility purposes** in accordance with the Ohio High School Athletic Association standards.

If a student received home schooling in the grading period preceding the participation, the student must meet any academic requirements established by the State Board of Education for the continuation of home school to be eligible to participate in the program.

If a student did not receive home schooling in the grading period preceding participation, the student's academic performance during the preceding grading period must have met any academic and non-academic standards, as well as financial requirements established by the District for eligibility to participate in the program.

Any student who commences home schooling after the beginning of the school year and at that time was considered ineligible to participate in extracurricular activities for failure to meet academic requirements or any other requirements will be ineligible to participate in the same semester the student was deemed ineligible.

NOTE: Districts are required to allow students in grades 7 – 12 enrolled in district-sponsored community schools to participate in the district's extracurricular activities. The district may require these students to enroll in and participate in no more than one academic course in the district as a condition for participation.

ATTENDANCE REQUIREMENTS

A student must be in attendance at school by 11:20 a.m., regardless of the start time, until the end of the school day the day of a contest/competition to be eligible. Special circumstances such as doctor appointments, funerals, and college visitation dates are permitted on a case by case basis and must be approved by the Athletic Director (sports) or Principal (other extra-curricular activities).

IN-SCHOOL AND OUT-OF-SCHOOL SUSPENSION

Any student suspended from school by in-school or out-of-school suspension shall be declared ineligible to participate during the period of suspension. Two-day (or more) suspensions that include Friday and Monday or vacation days shall render a student/athlete ineligible for all competitions/performances over the weekend or until the return to regular classes.

HAZING/BULLYING

Students may not engage in hazing/bullying and may not violate Board Policy 9.06b. Though 'hazing' falls under the guidelines of ORC 2903.31 and Board Policy 9.06b, it is important to address it in these rules. In part, no student may do any act or coerce another, including a victim, to do any act of initiation into any athletic team or club that causes or creates a substantial risk of mental or physical harm to any person. No person shall recklessly participate in the hazing of another. No administrator, employee or faculty member shall recklessly permit the hazing of any person. In addition to being subject to school disciplinary procedures, a person guilty of hazing is subject to punishment under ORC 2903.31.

ADDITIONAL RULES

As approved by the Principal or designee, additional rules, such as curfew, appropriate attire, etc., may be added at the discretion of the head coach for each sport, or advisor to any club. All additional rules must be presented in writing to all participants and their parents/guardians at required parent meetings.

SELF-REFERRAL

An initial self-referral (seeking help for drug or alcohol problems) reported by the student/athlete to the student/athlete's coach, advisor or another staff member will be treated confidentially and will not be subject to disciplinary action. A self-referral will become a first offense if:

1. A law enforcement agency is involved in the investigation of a potential violation or charges have been filed.
2. Existence of a potential violation is known by any staff member.
3. A self-referral may be used only once during the 7-12 career of a student/athlete.

Participants are encouraged to set a proper example in all areas of participation. These rules are in effect year round.

A. First Offense – “Honesty Clause”

1. The participant shall be denied participation privileges for one calendar year from the date of the infraction. This denial of participation privileges may be reduced to 50% of the regularly scheduled games, performances, events or competitions upon meeting the requirements listed in (1) and (2) below.

As extra-curricular activities provides an opportunity to develop learning experiences, maturity, values and character an, “honesty clause” may be used to support correcting behavior.

- A. Upon first questioning by the administration/principal/designee, if the student in question is “honest and forthright” about the situation when questioned the “first time” discipline may be reduced to 20% of the regularly scheduled performances, events, or competitions upon meeting requirements listed in (1) and (2) below. The reduction to 20% would eliminate the 50% discipline based on the student’s honesty the “first time” approached by administration/principal/designee.

- B. As part of the "Honesty Clause" if a child IS NOT forthcoming and honest the first time questioned at the preliminary meeting of the investigation, the 20% will be eliminated and consequences will remain at 50% of the regularly scheduled games, performances, events or competitions upon meeting the requirements listed in (1) and (2) below.
- C. The "Honesty Clause" may be used only during a first offence on Rule 2A as a one-time tool in correcting behavior.

If the participant cannot sit out the required number of suspended games, performances, events or competitions in the current season, the percentage of games, performances, events or competitions missed in the current season (including tournaments) will be calculated. The remaining percentage (of the original 50% or 20% suspension) will be used to calculate how many additional games, performances, events or competitions will be missed in the next season of participation, even if this season goes into a new school year.

- In cases where the suspension is reduced to 20% or 50% the number will be rounded off to the nearest whole number.

The student must participate in the extra-curricular activity from the first day through the last day (including the year-end banquet). If the student is not considered a member of the extra-curricular activity for one or more days of its season, then none of the contests/competitions involving that activity shall be counted toward the 50% or 20% reduction in participation privileges.

1. The participant shall be denied eligibility in the extra-curricular program for the remainder of his/her career.

Rule 3 – Conduct

Conduct and the penalty for such conduct, if any -- will be evaluated case-by-case, taking into consideration the following factors, among others:

1. The degree to which the participant/conduct poses a threat or risk to the safety and well-being of others;
2. The degree to which non-action by school officials would be viewed as condoning or indifference to the conduct;
3. The degree to which the conduct brings discredit to the Findlay City Schools and its programs;
4. The status of the matter under the criminal or juvenile justice system, if any such system is involved. Determinations by school officials under this rule are not dependent on such status or any conclusion reached under such a system.

Recognizing that participation in athletic/extra-curricular activities is a privilege, not a fundamental right, and that such participation represents the Findlay City Schools to the community at large, a condition of such participation is that each student at all times -- both within and outside the school day and on or off school property -- **will** maintain good citizenship within the community.

(Middle School (grades 7-8, ending on the last day of 8th grade) and High School (grades 9-12, beginning after the last day of 8th grade) are considered separate careers).
